SEATTLE • WASHINGTON

EX LIBRIS

The following art students are responsible for this year's cover design: Jane Hanada, Bernice Nevels, and Kenny Zack.

"The idea of what is true merit should also be often presented to youth, explained and impressed on their minds, as consisting in an inclination joined with an ability to serve mankind, one's country, friends, and family; which ability is (with the blessing of God) to be acquired or greatly increased by true learning; and should indeed be the great aim and end of all learning."—Benjamin Franklin from "Proposals Relating to the Education of Youth in Pennsylvania."

OUR THEME:

Honoring that versatile American
for whom our school was named —

BENJAMIN FRANKLIN

January 17, 1706 — April 17, 1790

and

commemorating forty years in the life
of Franklin High School
in its present building

OUR DEDICATION:

To

WALTER J. RESEBURG

Coach, Counsellor, and Friend

whose philosophy of democratic living
has become the motivating spirit of Franklin High School;
and to all those faculty members
past and present
who have guided the thousands of Franklin students
through our extensive and worthwhile
activity program

Principal's Message

We can judge the value of a school by the citizens it has produced. Here at Franklin we have an environment where the youth of our city may receive the maximum experience in self discipline—growth from within through democratic living. The strength of our country depends upon the worth of the individual. From the viewpoint of developing strong men and women—ours has been a glorious past.

WALTER J. RESEBURG

Principals of Franklin High School—Joseph A. Reed, 1907-1932; Sidney P. Trathen, 1932-1945; Walter J. Reseburg 1945.

Vice-Principal's Message

We can have faith in our future because we are proud of Franklin High School's past achievements and every day we have many opportunities both to build for future successes and contribute to the history of our school.

HARRY L. GARRISON

Vice-Principals of Franklin—Samuel E. Fleming, 1917-1919; Sidney P. Trathen, 1919-1932; Walter J. Reseburg, 1932-1945; Fred E. Breit, 1945-1950; Harry L. Garrison, 1950.

Annals of Franklin High School

EARLY YEARS

WITHIN THE first decade of this century, Seattle outgrew a single high school. Broadway, opened in 1902 as Seattle High School, was renamed in 1906 Washington High School. Already it was overcrowded. In September 1905, surplus freshmen had been sent to Summit School. The following year these pupils, then sophomores, and additional overflow freshmen were sent to a new grade building named Franklin School, now a part of the Washington Junior High School building. In 1907 when a new four year high school named Lincoln was opened, James E. McCown, principal of Franklin School, became first principal of Lincoln High School. He was succeeded at Franklin by Joseph A. Reed, principal of Minor School. Franklin continued to house grammar grades of Rainier Valley and Lake Washington districts as well as 200 surplus freshmen and later sophomores from the parent school. The freshman-sophomore enrollment increased greatly in the next years.

Thus, although Franklin did not become a four-year high school until 1912, five years after Lincoln and three years after Queen Anne, its history as a school may be said to antedate both. When our present building was built, after a considerable controversy over the name, Franklin was transferred to the new building; the parent school had been renamed Broadway; so old Franklin became Washington School. In the 432-page 1908 Broadway Sealh Annual, 23 pages were allotted to Franklin. The faculty for that year, in addition to Mr. Reed, are listed as follows: English—Bess Henehan and Edward G. Maul; Modern Language—Maude Porter; Latin—Carolyn Ogden; History—J. Harlen Bretz; Mathematics—Fordyce W. Rhoades; Manual Training—Frank E. Best and Eunice W. Walsh. The freshman class had organized with officers; green and black had been chosen the school colors; the school was represented in the following sports: football, basketball (both boys' and girls' teams), and baseball. Debating was the only other *major* activity, a status which it was to maintain for many years in all Seattle high schools.

In October 1909 the initial number of *Tolo* was issued. The name of the publication is an Indian word meaning "to win, to excel, to gain, prevail, earn, control, convince, overcome, subdue, triumph, manage, succeed." The first editor was Charles J. Foster, who later from 1924 to 1926 taught history at Franklin and now teaches at Queen Anne; faculty advisers were Bessie Cottrell and F. W. Rhoades. *Tolo* continued to be published as a monthly magazine through May 1919. When Franklin became a four-year high school the final or Senior Number was expanded into an annual, in 1913 only 48 pages but by the following year a complete book of 112 pages. This 1952 *Tolo* is therefore the fortieth Senior Number or Annual.

In September 1912, Franklin High School opened in its present building as a four-year high school. Mr. Reed was transferred to the new building as its

Banner Year In Sports

Franklin took the City Championship in football by winning all its games except against Ballard, which game ended in a scoreless tie. The hero of the season was Brice Taylor, one-armed Negro all-city (now prominent as an educator in Los Angeles.)

This was also a very successful year in basketball, baseball, and track.

At this time, shell-racing was being considered as a possible sport in Seattle high schools. A golf tournament was also arranged.

Tolo Changes Size

The Tolo has changed size again. For two years it has been in the form of a weekly magazine. It has now become a true four-page newspaper with six columns.

Honor Society

Franklin has long had an honor roll, but this year an all-city student-faculty committee has drawn up a constitution for the Honor Society. In March our students approved the constitution and voted to join the all-city organization. The pins were the same as now, but more points were needed for eligibility. Miss Bennett was chosen first faculty adviser.

"The Bluebird" Without Royalty

When Miss Rose Glass wrote to Maurice Maeterlinck, the great Belgian dramatist, for permission to present his play, "The Bluebird", as an all-school production in place of the annual Extravaganza sponsored by Boys' and Girls' clubs, she was both surprised and pleased with his answer. The reply written in Maeterlinck's own hand in French and posted at Nice, France gave Miss Glass permission to present "The Bluebird" without the usual high royalties. Unfortunately, Miss Glass left on leave-of-absence and the next year was assigned to Roosevelt as the Girls' Adviser; so the production never took place.

Highlights

The flu epidemic took a toll of 5 teachers and 500 pupils absent in one week.

Keye Luke (Hollywood artist), who made many drawings for Tolo, graduated this year.

Mr. Reseburg spent his summer as manager of the Mt. Baker swimming beach.

Mr. Staeger was principal of Franklin Night School and Mr. Fleming was superintendent of all the city's night schools.

Mr. Frank B. Cooper, for 21 years superintendent of Seattle Schools, has announced his retirement. His successor will be Mr. Thomas Cole and Mr. Fleming will become Assistant Superintendent.

Albert Hay Malotte, now famous composer, was playing the organ at the Liberty Theatre, where he was heard by many Frank-linites.

Fads—A fad among the boys was a pompadour hair style. One sophomore boy kept his hair in place with a hairnet, when driving his flivver. Among girls, the big question this year was whether to bob or not to bob. Many faculty women appeared with new short coiffures.

Eutanius Escape—Snakes frightened the girls in the zoology class by escaping from their cages.

The school day was divided into five 75-minute periods. There was supervised study in the classrooms. An early class met at 8:00 and lunch was during third period.

1922-1923

Franklin Wins Michigan Trophy

For a second year Franklin has won the city championship and by so doing has become the first team to earn the new Michigan Football Trophy, given by the the alumni of that school to the Seattle high schools. Five-hundred attended the Boys' Club's third annual banquet in honor of the team. Brice Taylor was selected for the Warner Trophy honor.

New Playfield Opened

On Dec. 31, 1916, the tract on the corner of Rainier and Mt. Baker Blvd. was purchased from the Malmo Nursery for \$15,000. It was believed that it could be used with just a little leveling, but a fill was required which took two years. Not until May 13, 1924 was it opened. Mr. Reed, principal, pitched the first ball to Mr. Trathen, vice-principal, behind the plate; Mr. Knapp, gym teacher, swung at the ball; and Mr. Reseburg, Boys' Adviser, was the umpire.

Creed Adopted

Forty Girls' Club officers and their advisers in a conference on Bainbridge Island made up and presented to their schools for adoption the following creed:

My Creed

I believe, as a High School girl of Seattle, I should be:

Joyous, courageous and courteous. Truthful, considerate and just. Loyal and sincere

in friendship. Too noble to speak ill of others. Willing to forgive and forget. Prompt and gracious in obedience. Ready to do all possible service. Quick to appreciate what is done for me.

Respectful to my elders.

True to the best that is within me, that I may become a fine and worthy woman.

New Wing Added

In a surprisingly short time the addition to Franklin has been completed. It was opened for use on Dec. 14. Student spirit was said to be at an unusually low ebb; so a Pep Club, called Cartas Club, was organized to induce Quakers to give greater support not only to sports but to all school activities.

English I, II, and III were each divided into a semester of Composition and a semester of Literature. We have just gone back to a fusion of the two now called Language Arts IX and X.

Senior Composition was introduced this year. A test was given by which some students were exempted. Others were required to take the course before graduation. Only ten percent passed the exemption test (anything below "B" was flunking).

Should it be adopted at Franklin? The question was much discussed but no action taken.

Faculty Frolic

A mad dash for the costume pile resulted in many hilarious outfits for the faculty members at their party in the lunchroom. To give these latest fashion creations a finishing touch, humorous signs were pinned on each participant. Mr. Upton with his glaring sign of "Lord Help Us" presented prizes to the handsomest and most charmingly dressed lady and gentleman. Prizes ranged from a bar of laundry soap to a can of sardines. Mr. Samuelson and Miss McDonald furnished enjoyable music for dancing.

Beach Party

In addition to being Miss Schumacker's final production at Franklin it was Miss Berg's last production as dramatic coach before her death.

1927-1928

Franklin Takes Contest

Tolo Annual challenged the Broadway Sealth to a contest for the largest percentage of paid subscriptions to the annual. Broadway accepted and for three weeks a heated argument took place as to which would win. When the contest was over 85% of the Quakers had subscribed while only 65% of the Tigers had bought the Sealth.

The humble Tigers congratulated the Quakers on their school spirit.

Study Hall Seating

Pupils in study hall are now seated according to classification. Freshmen are in the southeast corner, juniors in the southwest, seniors in the northwest, and sophomores in the northeast.

Double Assemblies

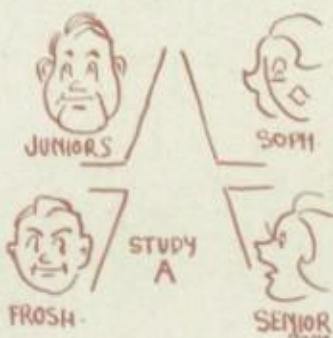

The enrollment is now so large that all pupils cannot be accommodated in one assembly; therefore for the first time double assemblies have come into existence at Franklin. While plans were being made, Mr. Reed had to figure out a place to put study hall pupils during second assembly. Mr. Reed felt there would be fewer assemblies, for it would be difficult to get speakers who could spend an entire morning away from their work.

Trathen, former vice-principal, has been promoted to principal, and Walter J. Reseburg, Boys' Adviser, has become new vice-principal. New teachers include Miss Gladys Elledge (Music and Eng.; died 1938), Miss Hattie Fitzgerald (Sci.; left 1942), and Miss Isabel Strain, Eng. and Hist.; now Guidance Counsellor.

Enrollment

The enrollment was the largest in the history of the school but 2,304 was not enough to top the 2,500 mark set by Lincoln. There were 101 post-graduates, the largest number yet. The Honor Society had 250 members.

Music

Music played an important role this year. Thirteen new music organizations were started; of these three had the opportunity of singing over station KOL and several others sang at various places outside of school. The largest group was the Symphonic Choir, directed by Mr. Blacknell. The choir put on the operetta "The Gondoliers." The choir received new uniforms. The band, which con-

Our Third Decade 1933-1942

The largest graduating class in the history of Franklin was the class of 1933, which had 433 members.

New Faculty

Faculty members who came during the building's third decade included Cliff Peek (His. and basketball coach), 1933-1938; Kiah

Lunchroom Paintings

The series of boys and girls of many lands, which hang in our lunchroom, were begun in 1930 with the painting of the All-American Boy and Girl by Ruth Shirley Brown. The whole project, under the supervision of Miss Bisazza, took five or six years to complete.

up from 11 pieces to 55. Nine hundred people attended the concert and the dance following it.

Tolo Changes

Mr. Copeland has succeeded Miss Gretchen Shaw as adviser of Tolo Annual and Mr. Robert Handy has succeeded Mr. Ralph Johnson as adviser of the Weekly. This year's annual, the Paul Bunyan number, was the first which carried no advertising. The policy of no advertising in high school annuals has become city-wide. All Seattle annuals are financed by the school's activity or participation plan. Each yearbook operates on a budget, the size of which depends upon the school's activity budget. In order to have such expensive features as padded covers, cuts must be made elsewhere in the production of the book. Franklin has for many years concentrated upon art work and interesting new features inside its book rather than allotting a disproportionate amount to its cover.

Beginning this year and continuing for several years all group pictures for the annual were taken in the Attic Studio. In recent years individual heads have replaced the old group layouts.

School Transportation

Never having known the old Rainier Valley street cars, pupils of 1952 can hardly imagine the thrill that came to Franklin students in 1936-37, when they began to ride buses and later trackless trolleys. Rainier Valley was the first district to receive the new coaches.

Ski Club

A Ski Club was organized in 1936-37. The P.T.A. agreed to be sponsors.

Basketball Champs

In 1937-38, under the coaching of Cliff Peek, Quaker hoopsters won the city championship. In a thrilling finish at the U. of W. Pavilion Franklin beat Lincoln 36-35.

New Coach

This same year "Solly" began coaching the Franklin track team. When Mr. Peek left he took over basketball; the next year his team lost to Lincoln in the championship. By 1940-41 Solly had developed another prize-winning team and that year and the following year his basketball teams took championships. When Mr. Lanman went into the Navy, Solly showed his coaching versatility by also taking over football.

Band Headlines

Franklin Band has made so many headlines that a long list of achievements and distinctions could be made. There is room for only a few. In the fall of 1937, the Band featured during the football season a group

of girls called "Quaker Belles." In January 1938 the whole band took to skis and helped dedicate the Snoqualmie Ski Bowl. For the 1939 Spring Concert they produced a movie, an original melodrama, entitled "Wilderness Woo." In 1940 Benny Godman was guest conductor of the band for a special assembly. They earned national publicity as the first 70-piece band to convert itself to a dance band.

Ski — Swim Champs

In 1940-1941 both the ski and swim teams earned championships for Franklin.

Mass Graduation?

In 1941-42, the School Board proposed mass graduation ceremonies for all city high schools at the University Stadium. The plan was opposed by the Seniors of the nine schools and by the P.T.A. It was finally abandoned. The Senior Cruise was called off because oil for the "Sightseer" could not be obtained because of war conditions. The girls voted to wear formals to the senior prom.

Faculty Departures

In the spring of 1942 when Mr. Lanman left for Annapolis, Mr. Harry T. Benson took over the reins of baseball coaching. Mr. Walker left for Boston to be commissioned in the Navy.

Little Bits from Then and There

In 1933-34 there was a fuzzy sweater fad.

That year Mr. Davenport was on leave of absence for several weeks to revise the book which he and Mr. Fleming had written for Civics classes in 1927.

Amplifiers were installed in the auditorium in 1934-36; and the dome on top of the building was given two coats of golden enamel paint.

In 1935-36 the tennis and handball courts were constructed; that year our library circulation was the largest in the city; Keye Luke and Diana Cook, Franklin grads, were awarded movie contracts; Doug Kirk broadcast summaries of football games over KIRO; Franklin and Garfield held a Tinfoil Collection Contest for the benefit of the Orthopedic Hospital, won by Franklin with 445 pounds to Garfield's 273 pounds.

In 1936-37 there were 6 cooking classes. Boys made up 60% of the enrollment.

In 1936-37 the Boys' and Girls' clubs established an information bureau; a large desk was placed in the hall at which a boy or girl was stationed each period of the day. Franklin again collected the largest amount of tinfoil in a city-wide contest. A new floor was laid in the Boys' Gym at a cost of \$1,900. Our present report cards were adopted. Plans were formulated for a no-credit course in "How to Read." Starting in

1938, all pupils will be required to take a semester of Health before graduation.

In 1937-38 Coach Reed introduced 6-man football in Franklin as an intramural innovation. Franklin Band played over KIRO. A new club called 4-F Club was organized by Miss Macdonald; it meant the "Faithful, Feminine Followers of Franklin," who were faithful fans of the teams. Miss Shaw and Miss Warner were taking a seven month tour visiting Italy, Jerusalem, France, Rome, Norway, Sweden, Finland, and Germany. Safe driving classes were begun for the juniors; they featured movies and special speakers.

In 1938-39 a new plaque, the Sidney P. Trathen Best Player Award, was presented for the first time; Dewey Soriano was first recipient. The motto of the Freshman Class was "Always Forward." Marian Flatebo painted "The Last Supper." Look for it as you go down the stairs.

In 1939-40 students were protesting the 12:00 P. M. curfew. A roller skating club was organized. The Patrol Boys got new sweaters.

In 1940 the Annual commemorated the five-hundredth anniversary of printing and gave special tribute to Benjamin Franklin as a printer.

In 1940-41 Coach Saalwaechter organized a new track club called the 25-Mile Club. It later became the 100-Mile Club. Coach Reed was away during the first semester but returned to coach spring baseball.

In 1940-41, 120 pupils and 3 teachers left Seattle Schools to train for National Guard. Many Franklin boys and Capt. Kiah Wampler were among those called up. At the close of the next school year Mr. Paul Copeland left to become defense co-ordinator for the Seattle Public Schools.

Martha (Wright) Wiederrecht, now star of "South Pacific", was a 1941 graduate.

In 1941-42 the scarcity of gum due to the war pleased the Franklin faculty beyond words!

Authors: During 1941-42 Mr. Davenport wrote a chapter for a book entitled *Americans All*. A play entitled "Earthworm," by Lorraine Bagley, class of 1939, was published in a collection of plays.

Pajamas versus Upton. Students approved a proposal to come to school clad in their loudest pajama tops as shirts and blouses. Mr. Trathen put his foot down . . . hard! The day set aside for the gala occasion was Upton Contest day.

The Last Ten Years

Personnel changes have been many; Mr. Samuel Fleming, our first vice-principal succeeded Mr. Worth McClure as Superintendent of Seattle Schools. Mr. Trathen retired in 1945 and was succeeded by Mr. Reseburg. Mr.

Fred Breit was Vice-principal from 1945-1950 and was succeeded by Mr. Harry Garrison. Many teachers have retired; others spent a short time at Franklin and then went elsewhere. Teachers still at Franklin who came during this decade: 1943—Rosanna Davis, Frieda Portmann; 1944—Mary Luppold; 1945—Mildred Brewer, Arthur Erickson, James Stevens; 1946—Helen Lewis, Sarah Siegel, Paul Van Tilborg; 1947—Eugene Caddey, Sarah Grove, Norman Hovland, Olga Korsmoe, Margaret Mowry; 1948—Marie Brannen, Helen Finley, Fern Newlands, Awolt Stoll, Dale Strong, Robert Wettleson; 1949—Marie Bollman, Curtis Chapel, Donald Means, Anne Smith; 1950—James Britain, Blanche Cline, George Ehrigott, Louise Grebe, Harold Hunt, Forrest Keyes, Jean Palmer, William Morris, Vernon Siegner, William K. Toomey; 1951—Jane Brunet, Marsden Cole; Lois Haskell, Doris Mullens, Barbara Williston, Marie Peacock (replacing Mr. Karrer this semester), and Margaret Campbell (Study). In other words, almost half of our present faculty has come to us during the past ten years.

War brought many changes to Franklin. Teachers were kept busy with rationing, studying and teaching First Aid, and helping part-time in war production activities. In 1942-43 all pupils and teachers were organized into a Victory Corps. Franklinites accepted voluntary rationing of bus tokens and organized a "walk-to-school" campaign. Tin cans, keys, and rags were collected. Pupils raised victory gardens and helped in harvesting of crops. Everyone got home early because of the wartime curfew.

In the fall of 1943 an eighth grade center was established at Franklin. The first teachers were Miss Davis, Miss Portmann, Miss Margaret L. Smith (left 1945), and Miss Ethel Sheriff (ret. 1947). First class officers were Byron Richardson, Gordon Dieter, Houston White, and Dick Widrig. Both teachers and pupils have earned an important place in the life of Franklin. After this year eighth-graders will go to the new Sharples Junior High. The present eighth grade class have the option of spending their freshman year there or here at Franklin. After next year Franklin is destined to become a Senior High School.

In 1943-44 the Senior Play was cancelled. The script for that year's Commencement Play, "Today for Freedom", brought national recognition to Franklin when it was requested by the Office of War Information and the U. S. O.

Mr. Benson's 1944 baseball team won the city championship. The annual that year was devoted to the Alumni and much interesting information was gathered by the Staff. This was the last year that the annual was edited by a volunteer staff who received no academic credit for the work. Since that time a class in

publications has been offered for which pupils enrolled receive an elective credit in English.

In 1945-46 both Mr. Lanman and Mr. Walker returned from serving in the Navy. Miss Dorothy Ekholm, school nurse, also returned. At the close of the football season the gridsters gave a surprise dinner for Coach Saalwaechter. He was presented the football used in the final game when the Green Waves defeated the Grizzlies. Printed on it in gold letters was "Franklin 14; Q. A. 12—1945." The signatures of the 22 lettermen were inscribed.

During this first year of Mr. Reseburg's administration the Thursday Morning Steering Committee, which has since developed into the Student Council, was organized.

A section of the 1946 Annual was dedicated to Franklin Gold Stars.

In 1947 the Quakers pioneered in the use of card stunts between the halves of football games. Ever since then fans have looked forward to the half-time shows put on by Mac's band and Glee Clubs.

In 1948-49 pictures were first put upon the participation cards. The library publication "The Bookworm" was originated by Mrs. Mills, our popular librarian from Texas, for the purpose of giving tips on books and news from the library. In December the fourth annual Inter-high school Conference was held at Franklin. Our Ski Team won the all-city championship for the second year in a row.

In 1949-50 the combination Lit. III and U. S. I class went on a two-day trip to eastern Washington. The 31 students, accompanied by Mr. and Mrs. Erickson, Mr. and Mrs. Davenport, and Mr. Reseburg toured the Aplet factory at Cashmere, a fish hatchery, Soap Lake, Dry Falls State Park, Gingko Park, and Grand Coulee Dam.

For the second year Mrs. Mary Houbregs and her lunchroom staff served a real old-fashioned Thanksgiving dinner for faculty and students at bargain prices. Faculty men assisted with the carving and faculty women with the serving. Nine hundred and fifty students were served during the two lunch periods.

John Rydgren brought fame to Franklin by winning the national prize in the Hearst Oratorical Contest. He was coached by Mr. Reseburg.

1950-51. Who will ever forget our First Aid training? Participating in the program of all Seattle High Schools, Franklin taught the subject in three full days of alternating theory and practice classes. Every teacher and every pupil participated. At the end of the course each student had had 18 hours of training.

During this year atom bomb drills were added to our routine fire and earthquake drills. Franklin set a record of 38 seconds for every person in the building to reach his station and take the proper position on the floor.

Study B was converted into a second Girls' Gym. Part of each school's basketball games were played on the new removable floor at the Civic Ice Arena. Our football team ended a successful season in second place. We lost only to Roosevelt, the year's champions. Everyone agrees that Coach Lanman deserves a championship for the fighting teams he has produced. Will we have to wait for another Discus Thrower to hurl his discus down the hall before we win a championship as we did back in the twenties?

Miss Luppold's Creative Writing class published the first printed literary magazine at Franklin, *The Keyhole*.

1951-52. This whole book tells pictorially the story of this year, which has now been added to the history of Franklin High School.

Alumni

Since the opening of Franklin High School, 10,132 people have become Franklin Alumni. We are sorry we cannot give separate and special recognition to these former graduates. Franklin graduates represent innumerable careers and professions. Business, family, and pleasure have situated these alumni throughout the world. Nevertheless, this has not hindered the impersonal and personal contacts which a great number of them still keep with Miss Margaret McCarney, Ralph Knapp, Walter Reseburg, Rose Glass, and other present and past faculty members.

Recollections

Present Playfield Purchased

Under the untiring efforts of Margaret McCarney, the present playfield was purchased for \$15,000. After clearing, it was discovered to be a swamp. They soon put in a sanitary fill, which readily attracted flies. This made it necessary for Franklin to be decorated with fly-paper.

Girls Club

Girls' Club started as a religious movement by the Y.W.C.A. Under this plan, the dues were 25c a year and were later changed to 15c a semester. This was later established by the 6 high schools as a school organization rather than under the sponsorship of the Y.W.C.A. The dues were dropped making each girl enrolled in school an automatic member. The present policies, code, and creed of the Girls' Club were set up by the presidents and advisers of the 6 high schools. Because of the work that developed, the advisers gave up their teaching hours and devoted their time entirely to Girls' Club advisery.

Minnie Johnson

Miss Minnie Johnson, long time Franklin Math. teacher, had three favorite songs which she used to sing to her pupils: "Work, For Night Is Coming" in the morning; "One More Day's Work for Jesus" in the afternoon; and "Safely Through Another Week" was reserved for Fridays. She spoke German fluently; whenever Mr. Reseburg came to her room they conversed in that language. Although not in the English Dept. she could recite all of "Lady of the Lake" from memory.

During the flu epidemic in 1918, in order to protect Ben Franklin from the disease, thoughtful students placed a gauze mask over his sculptured face.

The Musical Five

Back in the good old days, the faculty was noted for their quartet. It was said to be the best in the city. Mr. Trathen was the accompanist, while Mr. Johnson, Mr. Reseburg, Mr. White, and Mr. Fleming were the singers.

One teacher who was a poor writer, received a poor-work notice for his penmanship from another teacher.

Dramatic Dilemmas

The Senior Play in 1914 was full of "entertainment". An actor's mustache fell to the floor; and as the hero climbed through a window, he dragged the scenery with him. The stage crew came to the rescue and propped the scenery back up. The play must go on!

While walking through the basement halls after a rehearsal, Miss Macdonald, Mr. Britain, and Tim Clifford saw an arm sticking out of one of the lockers. All were amazed, only to find out it was a practical joke. The sleeve of a coat had been filled with newspaper and a glove had been placed on the end.

During a Senior Play rehearsal, frantic screams were heard in the hall. Every time someone went exploring, the screams stopped. Finally, however, it was detected that someone had put a freshman boy inside a locker and he was unable to get out.

In one of the vodvil acts, a girl lost the over-part of her skirt while playing the part of an old maid. She simply stepped out of it and went on playing.

Faculty Fishers

The Messers H. Johnson, Winchester, Best, White, Fleming, Staeger, and Reseburg went fishing or hunting practically every weekend. Mr. Fleming never fished—he went along to wash the dishes.

Because of the work done in science classes, there were five-period days—90 minutes per period. This enabled students to take field trips and have extensive experiments.

Mrs. Finley recalls that, when she was president of the Girls' Club, there were very few automobiles. Even the faculty had not yet succumbed to the new invention. The only car parked in front of the building was John Considine's red car. One day she was giving a pep talk in the assembly—"What the Girls' Club Needs Is For Someone to Be Johnny—On—The Spot for transportation." The audience howled and turned toward John. John's face got red. But he later offered his car for the use of the Girls' Club.

That Famous Poem: When the Statue Throws the Discus Down the Hall

Will our football huskies ever be the champs?
Will we ever down the Orange and the Black?
And our Debaters, when they sally forth to talk,
Will they ever bring the right decision back?
Will we ever win a championship at all?
Oh yes!

When the statue throws the discus down the ball.

Will Mr. Rice e'er ponder for a joke?
Or fail to spend his leisure writing books?
Or could Fleming let a tardy kid get past?
Will Miss Berg decide to hire the student cooks?
Will the prices in the lunch room ever fall?
Sure thing!

When the statue throws the discus down the ball.

Will Miss Hunter cease to think that noise is crime?
Will Sam Siegel ever grow to five foot ten?
Will Mr. Cook e'er get to be round-shouldered,
While trying to make us husky looking men?
Will you ever weigh two hundred pounds,
Dan Small?
Yea Bo!

When the statue throws the discus down the ball.

1. To the Advisers of Tolo Annual—whose imagination, persistence, and patience have made the production of forty yearbooks a *Creative Activity* and have given each book an individuality of its own.
 Heber D. Johnson 1913-1917.
 Ralph R. Upton 1918-1930; Business Adviser 1931-1935.
 Gretchen Shaw 1931-1936.
 Paul W. Copeland, Photographic Adviser 1932-1935; Financial Adviser 1936; Editorial Adviser 1937-1942.
 Jesse R. Hurley 1943-present.
 Charlotte Bisazza, 1919-present.
2. To the hundreds of students who have worked upon Tolo Annual especially to those who have "served beyond the call of duty." This year special recognition goes to Barbara Jo Pelton for her superior editorial work, to Jane Hanada for assuming responsibility for the cover, and to Ron Perry and Kenny Zack for willingly assuming more than their assigned share of art work.

3. To Mr. and Mrs. J. C. Ralston, who began taking photographs for Franklin in the fall of 1927 (1928 Annual) and served us generously and efficiently until they sold their studio; and to Ann Stone, their successor, whose geniality, magnanimity, and superior workmanship have made the continuance of the long and happy business relationship between Franklin and the Ralston Studio inevitable. This is the silver anniversary, the twenty-fifth year for which Ralston Studio have done our photographic work.
4. To Frank McCaffrey—artist, printer-publisher, nationally recognized typographical expert, and generous good friend of Franklin High School—and to his colleagues, especially Al Jensen and Phyllis Heady (Franklin '37). For twenty-one years, beginning with the 1932 Annual, through their creative ability and technical genius each Tolo has become a reality far surpassing the dream of those who planned it.
5. To the pupils of Franklin High School past and present whose enthusiasm and loyal support have stimulated successive annual staffs to produce books which are treasured as priceless records of their owners' years at Franklin.
